Summary

B.Tech graduate in Artificial Intelligence and Machine Learning with Java Full Stack training and practical web development experience. Skilled in Java, Python fundamentals, JavaScript, HTML, CSS, SQL, MySQL, and JDBC, with knowledge of object-oriented programming and database concepts. Experienced in academic projects involving Core Java and web technologies. Quick learner with problem-solving skills and a strong interest in software development, emerging technologies, and continuous learning. Seeking an opportunity to contribute and grow as a Software Trainee.

Education

Bachelor of Technology in Artificial Intelligence and Machine Learning — **Nov 2021 – Apr 2025**
Aditya Engineering College — *Kakinada, Andhra Pradesh*

- **CGPA:** 7.83 / 10.0

Experience

Codegnan IT Solutions — **June 2026 – Present**
Java Full Stack Trainee — *Hyderabad, Telangana*

- Developed Java programs using OOP, Collections, Exception Handling, Multithreading, and Java 8 Stream API.
- Practiced SQL queries and MySQL database operations through hands-on exercises.
- Created web pages using HTML, CSS, Bootstrap.
- Practiced JDBC for connecting Java applications with MySQL databases.

Technical Skills

Programming Languages: Java, JavaScript, Python, SQL
Frontend Technologies: HTML, CSS, Bootstrap
Backend & Databases: MySQL, JDBC
Developer Tools: Git, GitHub, Eclipse IDE, VS Code.
Core Concepts: OOP, Collections, Exception Handling,Advanced Java.

Projects

Loan Management System | Core Java, OOP, Collections, MySQL — **2026**

- Developed a console-based Java application to manage loan-related operations and customer information.
- Applied OOP principles, Collections, and Exception Handling to organize application logic and manage data.
- Implemented loan-related business logic, including eligibility checks and interest calculations, if supported by the application.
- Practiced structured application design using Model, DAO, and Service layers, if implemented.

Interns Management System | HTML, CSS,JavaScript,Oracle Cloud — **2024**

- Developed a web-based application to manage and display intern-related information.
- Created responsive web pages using HTML, CSS, and JavaScript with interactive functionality.
- Worked with Oracle Cloud as part of the project's cloud environment.

Certifications

- **Web Development** – Codegnan IT Solutions
- **Oracle Certified Foundations Associate** – Oracle
- **Microsoft Azure Fundamentals** – Azure Devops
- **Certified System Administrator (CSA)** – ServiceNow
- **Certified Application Developer (CAD)** – ServiceNow
